Front of house on a full night, with our Shure wireless racked beside the desk.

Shows we've supplied

We've run backline and IEM for festivals, club shows and national tours since 2023.

Every amp, kit and mic here has been on a real stage, and it's maintained by people who play. Hire one item for a rehearsal, or the full stage for a tour stop. Tell us the rider and we'll tell you what fits.
